

Instructions:

Complete 4 of the boxes, then return the worksheet to GLADL for your reward!

SciStarter BINGO

Science we can do together.

<p>Create a SciStarter account.</p> <p>SciStarter.org</p>	<p>Attend our Intro to Citizen Science program to learn what it is all about.</p>	<p>Check out a Citizen Science kit from the library. We have 4 of them in our Library of Things.</p>	<p>Sign up for Stall Catchers and try the tutorial.</p> <p>StallCatchers.com</p>
<p>Attend our Litter Journal program to help scientists study litter and where it comes from.</p>	<p>Plant native plants to help attract native pollinators.</p>	<p>Find and try out a featured Citizen Science month project.</p> <p>CitizenSciencemonth.org</p>	<p>Observe pollinators and contribute data to the Great Sunflower Project. Ask about our SciStarter kit in our Library of Things.</p>
<p>Download iNaturalist and document life in your community.</p> <p>Add your iNaturalist username to your Citizen Science profile.</p>	<p>Attend our Salt Watch program to learn about the effects of road salt on our water quality.</p>	<p>Tell a friend about Citizen Science or invite them to join you at an event.</p>	<p>Learn the Foundations of Citizen Science and complete the online training.</p>
<p>Attend our Salamander program to learn more about these amazing creatures.</p>	<p>Check out, or download a book about birds to learn more about your local ecosystem.</p>	<p>Watch a Citizen Science webinar on the SciStarter YouTube channel.</p> <p>YouTube.com@SciStarter</p>	<p>Report your acts of science to be included in One Million Acts of Science!</p>

SciStarter.org

Join us in April for **ONE MILLION ACTS OF SCIENCE**
